

BOY SCOUTS OF AMERICA

VENTURING-BSA

DO YOU WANT TO TRY SCUBA DIVING?

Here's Your Chance!

SPONSORED BY GLACIER RIDGE DISTRICT

WHO: Scouts 14 or older, Venturers, and their parents or adult leaders. Parent participation is not required but is encouraged! Participation is limited to the first 60 registrants, including adults. Priority will be given to Glacier Ridge District participants registered by January 6, 2006. Registrations received after January 6, 2006 may or may not be accepted depending upon instructor availability!

WHEN: Saturday, January 21, 2006, at 1:00, 2:00 or 3:00 p.m. (You will have an assigned time. Allow 90 minutes for the activity.)

WHERE: Cleveland State University Natatorium. Thank you, CSU Vikings!

WHAT: "Discover Scuba Diving" - you will get brief instruction on the use of scuba equipment and then try it out in the pool under supervision of certified scuba instructors. Earn the "Scuba BSA" patch!!

COST: \$ 18.00 per person

Bring your swim suit, lock, and a towel. All other equipment will be provided.

To register, complete the form below and the three page attachment (one attachment for each registrant), attach a check and send them, by January 6, 2006, to:

Greater Cleveland Council, 2241 Woodland Avenue, Cleveland, Ohio 44115

DISCOVER SCUBA DIVING PARTICIPANT STATEMENT

Read the following paragraphs carefully. This Statement, which includes a Medical Questionnaire, the Discover Scuba Diving Safe Diving Practices and a Liability Release and Assumption of Risk Agreement, informs you of some potential risks involved in scuba diving and of the conduct required of you during the Discover Scuba Diving Program. Your signature is required in order to participate in the program. If you are a minor, you must have the Participant Statement (which includes and acknowledges the Medical Questionnaire, the Discover Scuba Diving Safe Diving Practices and the Liability Release and Assumption of Risk Agreement) signed by a parent or guardian.

You will also need to learn from the instructor the most important safety rules regarding breathing and equalization while scuba diving. Improper use of scuba equipment can result in serious injury or death. You must be thoroughly instructed in its use under the direct supervision of a qualified instructor to use it safely.

MEDICAL QUESTIONNAIRE

Scuba diving is an exciting and demanding activity. To scuba dive safely, you must not be extremely overweight or out of condition. Diving can be strenuous under certain conditions. Your respiratory and circulatory systems must be in good health. All body air spaces must be normal and healthy. A person with heart trouble, a current cold or congestion, epilepsy, asthma, a severe medical problem, or who is under the influence of alcohol or drugs, should not dive. If taking medication, consult your doctor before participating in this program.

The purpose of this Medical Questionnaire is to find out if you should be examined by a physician before participating in recreational scuba diving. A positive response to a question does not necessarily disqualify you from diving. A positive response means that there is a preexisting condition that may affect your safety while diving and you must seek the advice of a physician.

Please answer the following questions on your past and present medical history with a **YES** or **NO**. If you are not sure, answer **YES**. If any of these items apply to you, we must request that you consult with a physician prior to participating in scuba diving. Your instructor will supply you with a Medical Statement and Guidelines for Recreational Scuba Diver's Physical Examination to take to a physician.

- _____ Do you currently have an ear infection?
- _____ Do you have a history of ear disease, hearing loss or problems with balance?
- _____ Do you have a history of ear or sinus surgery?
- _____ Are you currently suffering from a cold, congestion, sinusitis or bronchitis?
- _____ Do you have a history of respiratory problems, severe attacks of hay fever or allergies, or lung disease?
- _____ Have you had a collapsed lung (pneumothorax) or history of chest surgery?
- _____ Do you have active asthma or history of emphysema or tuberculosis?
- _____ Are you currently taking medication that carries a warning about any impairment of your physical or mental abilities?
- _____ Do you have behavioral health, mental or psychological problems or a nervous system disorder?
- _____ Are you or could you be pregnant?

- Do you have a history of colostomy?
- Do you have a history of heart disease or heart attack, heart surgery or blood vessel surgery?
- Do you have a history of high blood pressure, angina, or take medication to control blood pressure?
- Are you over 45 and have a family history of heart attack or stroke?
- Do you have a history of bleeding or other blood disorders?
- Do you have a history of diabetes?
- Do you have a history of seizures, blackouts or fainting, convulsions or epilepsy or take medications to prevent them?
- Do you have a history of back, arm or leg problems following an injury, fracture or surgery?
- Do you have a history of fear of closed or open spaces or panic attacks (claustrophobia or agoraphobia)?

Discover Scuba Diving Safe Diving Practices

These practices have been compiled for your review and acknowledgement and are intended to increase your comfort and safety in diving.

I understand that upon completing the Discover Scuba Diving Program, I will not be qualified to dive independently without a certified professional guiding me.

To equalize my ears and sinus air spaces, I will need to blow gently against pinched nostrils every few feet/ one meter while descending.

If I have discomfort in my ears or sinuses during descent, I should stop my descent and alert my instructor.

Underwater, I should breathe slowly, deeply, continuously and never hold my breath.

I should respect underwater life and not touch, tease or harass an underwater organism since it may harm me and/or I may harm it.

I can seek further training from any Dive Center, Resort and Instructor to become certified to dive without a professional guide.

Liability Release and Assumption of Risk Agreement

I (participant name), _____, hereby affirm that I am aware that skin and scuba diving have inherent risks which may result in serious injury or death. I affirm I have read and understand the Safe Diving Practices and have had any questions answered to my satisfaction. I understand the importance and purposes of these established practices. I recognize they are for my own safety and well being, and that failure to adhere to them can place me in jeopardy when diving.

I understand that diving with compressed air involves certain inherent risks; decompression sickness, embolism or other hyperbaric injury can occur that requires treatment in a recompression chamber. I further understand that this program may be conducted at a site that is remote, either by time or distance or both, from such a recompression chamber. I still choose to proceed with this program in spite of the absence of a recompression chamber in proximity to the dive site.

The information I have provided about my medical history on the Medical Questionnaire is accurate to the best of my knowledge. I agree to accept responsibility for omissions regarding my failure to disclose any existing or past health conditions.

I understand and agree that neither the dive professionals conducting this program, nor the facility(s) through which this activity is conducted, nor Aqua Specialists, Inc. nor Cleveland State University, nor the Boy Scouts of America, nor the Greater Cleveland Council, BSA, nor International PADI, Inc, nor any of their respective employees, owners, officers, agents, volunteers, or assigns (hereinafter collectively referred to as "Released Parties") may be held liable or responsible in any way for any injury, death or other damages to me, my family, estate, heirs or assigns that may occur as a result of my participation in this program or as a result of the negligence of any party, including the Released Parties, whether passive or active.

In consideration of being allowed to participate in this program, I hereby personally assume all risks for any harm, injury or damage, whether foreseen or unforeseen, that may befall me while participating in this program, including but not limited to the academics, confined water and / or open water activities.

I further release and hold harmless the Discover Scuba Diving Program and the Released Parties from any claim or

lawsuit by me, my family, estate, heirs or assigns, arising out of my participation in this program.

I further understand that skin diving and scuba diving are physically strenuous activities and that I will be exerting myself during this program and that if I am injured as a result of heart attack, panic, hyperventilation, etc. that I expressly assume the risk of said injuries and that I will not hold the Released Parties responsible for the same.

I further state that I am of lawful age and legally competent to sign this Assumption of Risk and Liability Release Agreement, or that I have acquired the written consent of my parent or guardian.

I understand that the terms herein are contractual and not a mere recital and that I have signed this Release of my own free act and with the knowledge that I hereby agree to waive my legal rights. I further agree that if any provision of this Agreement is found to be unenforceable or invalid, that provision shall be severed from this Agreement. The remainder of this Agreement will then be construed as though the unenforceable provision had never been contained herein.

I (participant name), _____, BY THIS INSTRUMENT DO EXEMPT AND RELEASE THE RELEASED PARTIES AS DEFINED ABOVE, FROM ALL LIABILITY OR RESPONSIBILITY WHATSOEVER FOR PERSONAL INJURY, PROPERTY DAMAGE OR WRONGFUL DEATH, HOWEVER CAUSED, INCLUDING BUT NOT LIMITED TO THE NEGLIGENCE OF THE RELEASED PARTIES, WHETHER PASSIVE OR ACTIVE.

I HAVE FULLY INFORMED MYSELF OF THE CONTENTS OF THIS LIABILITY RELEASE AND ASSUMPTION OF RISK AGREEMENT BY READING IT BEFORE SIGNING IT ON BEHALF OF MYSELF AND MY HEIRS.
